

Ondas do Mar Lodge

Praia de Barra
Inhambane
Mozambique

“Where more than just the whales come to play”

Description

Ondas do Mar Lodge is situated in the picturesque province of Inhambane with it's coconut tree lined beaches and friendly people, just 485km north of Maputo.

On arrival you will be greeted by a stunning 180° ocean view and a warm smile from our friendly staff. This is just the beginning of your holiday in paradise.

The lodge is located on the dunes of the “light house” side of the Praia de Barra. This secluded spot was carefully chosen for it's magnificent sea views, pristine beach (100m away), and most of all the fact that there are no palm flies that can ruin your holiday.

Our vision was to build a holiday destination where our guests could leave their hectic daily lives behind and come and relax in one of the most beautiful destinations in southern Africa. Ondas do Mar is the ideal destination, whether you are looking to pack as much adventure and activity into your schedule, catch that elusive Marlin, or just sit back and enjoy a good novel.

In addition to the high standard of accommodation and personal service, the surrounding area offers an abundance of sight seeing opportunities, activities and a variety of bars & restaurants.

We take pride in ensuring you get the most out of your well earned holiday, and this is supported by the fact that more than 80% of our guests return to Ondas do Mar year after year.

Activities

At Praia do Barra you will find a vast range of activities to be enjoyed by adults and the young alike. From flat water ideal for water skiing to snorkelling and Scuba diving in

crystal clear water on the shallow reefs in the bay, Barra has it all.

Whether you bring your own or make use of the equipment in the nearby activity centre, you have a choice of the following:

- Scuba Diving
- Fishing Charters
- Kayaking
- Snorkelling
- Quad biking
- Horse riding
